From the MAL Editorial Board Jury:

“The result of this intellectual exploration is a fascinating and well-argued case of literary ‘sampling’ or intertextuality, well-tracked in terms of its cultural reference and the meanings thereof.”

“Dieser Aufsatz ist eine sehr überzeugende ‘unmögliche’, Intertexte souverän aufschlüsselnde Interpretation von Jelineks Haushofer-Lektüre. Wirklich hervorragend!”

“Absolutely fascinating, insightful points drawn out of Elfriede Jelinek’s Princessinnendramen and important understandings of the connections made with Haushofer and Bachmann.”
